

# TOMORROW'S WOMEN

Courage.  
Leadership.  
Change.

*"We must have the courage to set aside our deep emotional wounds so we can truly look each other in the eye, build trust, and live like neighbors, not enemies. Responsibility can't be outsourced. It's up to us." - ELIYA*

**114** new participants joined Tomorrow's Women—expanding our community of changemakers to **720**.

**23** public events worldwide fostered dialogue, connection, and anti-polarization.

## 2025: GRIEF INTO ACTION

### Teen Leadership Program: Switzerland

Palestinian and Jewish Israeli teens joined a six-month journey of dialogue and leadership, culminating in a two-week intensive in the Alps.

86% of participants reported increased resilience, confidence, and shared values.

*"With all the difficulties we managed to respect each other. This showed me that we—both sides—can live together." - HANIN*

### Alumni Leadership Summit: Santa Fe

Alumni deepened and learned diplomacy, public speaking, and moral imagination skills from teachers such as Monica Guzman from Braver Angels and visionary thought leader John Paul Lederach.

*"This summit helped me fight the burnout of peacebuilding work, and it gave me so much hope to keep doing this kind of work." - THALIA*

### English for Leadership Program

This virtual eight-week course equipped young Palestinian women with English language skills and confidence to step into TW's more advanced programming.

### Trauma Healing & Leadership: Israel & West Bank

Multiple cohorts of our young leaders are engaging in trauma-informed healing, dialogue, and non-violence seminars throughout 2025. So far, 93% report finding renewed purpose as changemakers.

*"My hope increased because I was among strong young women, each carrying a particle of change." - ELAF*

## Peace Ambassadors & Gaza Girls

American teens collaborated virtually with alumni in Gaza on a storytelling and wartime testimonial project.

*"In every displaced woman, there is a silent heroine. She must be heard. She must be honored. She must be remembered. Silence in the face of injustice is betrayal, and staying alive amidst this destruction is a privilege that must be translated into action."* - RAWAN (GAZA GIRL) AND CELIA (U.S. PEACE AMBASSADOR)

Ambassador Tom Udall addresses crowd at TW's Peace on the Patio

## EcoPeace x Tomorrow's Women: Battir, West Bank

Fifty Palestinian women engaged in ecotherapy and peaceful activism through guided hikes.

## Speaking Out for Unity

Our young leaders spoke to audiences worldwide, often joining forces with prominent political and storytelling figures.

*"The word possible exists within the word impossible; these young women will create the currents, make the change that allows us to exist together in the way that we should do. We are all involved. We are all there."* - AUTHOR COLUM MCCANN

Congresswoman Pramila Jayapal with alumni Ya'ara & Merna

*"Advocacy isn't about having all the answers or always being the loudest voice in the room. It's about building trust, staying curious, and being willing to grow—even when it's uncomfortable."* - MERNA

## 2026: THE WORK CONTINUES

In this moment of pain and opportunity, we are doubling down. We will continue to bring young Israelis and Palestinians together and amplify their voices on the global stage.

We are also growing our Advanced Leadership Initiatives, putting these vital changemakers on a path to civic and political leadership.

Supporting a next generation of women leaders in Palestine and Israel is the most hopeful, viable path toward a better future. In the face of today's chaos, we make the choice to *act*.

*Please join us in deepening our impact with your year-end giving.*

**TOMORROW'S  
WOMEN** Courage.  
Leadership.  
Change.
